

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION II

DATE: September 29, 2020

SUBJECT: Approval of Soil Remediation Remedial Action Report for MacKenzie Chemical Works Site

FROM: Joel Singerman, Chief  
Central New York Remediation Section

TO: Doug Garbarini, Chief  
New York Remediation Branch

The contaminated soils at the MacKenzie Chemical Works site were addressed by soil vapor extraction and excavation and off-site disposal. Attached for your approval is the soil remediation remedial action report. Please denote your approval of the subject document by signing below.
